Dear Lesley,

**Health Impact Assessment final Report.
Response from Brentford Community Council.**

The Planning Consultative Committee of the Brentford Community Council adopted document BCC 316 as their response to the final Report submitted to the Council's Scrutiny Committee. Additionally to focus future action they also adopted an Executive Summary (BCC 314) and a paper on the main focus of our comments (BCC 315). I enclose copies of all three papers.

Please will read these papers in conjunction with the Community Council's comments on the Brentford Area Action Plan (BCC305). Taken together they demonstrate that Brentford is undergoing rapid expansion without the services and the infra structure needed to sustain the community.

I would be grateful if you can include these papers in the responses to your plans for Brentford and if you would ask Ms McNab to put them to the council's Scrutiny Committee

Yours sincerely

Denis Browne.
